

EMMANUEL MINISTRIES
JUAREZ

Welcome

We are blessed in a great way each time a group comes to visit us. We not only benefit from the projects that they complete but from the fellowship they have with our children and our staff. The Lord is always at work when His people gather together. We thank you for your continued love and support. It is not our intention to make money on these items but to ensure that our costs are covered so that we can continue to provide for the needs of the children and ministries in our care.

The meal charges cover the cost of the food and the salaries of the cooking staff.

Transportation

We do have vehicles with which we can pick groups up from the airport or the border to transport them to Emmanuel. We also occasionally take groups to the Mercado for a shopping visit. We ask for a donation for vehicle use based on number of vehicles and number of trips to cover our drivers and gasoline.

Donation amount differs based on usage.

Project

Most groups that come do building or maintenance projects and something special with the children. We provide some workers to work alongside you where needed but ask that you cover costs of all of the materials you need. We can help estimate the costs and difficulty level of projects as we work with you to determine what projects you want to do this visit.
